What Is TimeBanking?

TimeBanking is a way of giving and receiving to build strong support networks. One hour helping another earns one Time Credit. A TimeBank is formed whenever individuals or organizations agree to earn and spend Time Credits to help their neighbors, friends, and the larger community.

TimeBanks can range from small (15 to 20 members) to large (2,000 or more). They can connect with other TimeBanks. Each TimeBank is unique - a reflection of its members, who they are, the dreams they have for their community, and what they choose to offer and receive.
